NOVEMBER/DECEMBER 2023

**Dear Friends,**

I get the feeling that we might come into winter quicker than we thought, but like many of you all we have been catching up on holidays even in the British Isles. Both Lorraine and I had a wonderful 9 days in the middle of August in the West Country staying at Wembury with close proximity to Plymouth. I know what your thinking. Mad going away in the school holidays! Well we had so many things to do it made no difference especially as we aren't beach people! We had a great timetable. Two shows planned at the Theatre Royal Plymouth. Last night of 42nd Street and first night of Annie. What a start. Then something I've waited years for....the UK Firework Competition over two nights. Absolutely fantastic and worth every minute. It was hard to wait until nine thirty both nights, but, with three different companies competing over 2 nights it was a real feast of fireworks. We caught up with my son Lee and granddaughter Charlotte over a Chinese before the second night fireworks! We also had an AMA waterways cruise in September from Bordeaux. As other members have rated their cruises I can only say the same as them, ten out of ten! I never believed that was possible. Congratulations AMA! We look forward to seeing many of you on the Rhone in November. Vienna in December and a close follow up with our MSC cruise from Barcelona in January. Regards and best wishes to you all.

**Kim and Cliff**

## **'A MAGICAL CHRISTMAS IN VIENNA' CANCELLATIONS**

It's so sad when we get cancellations on our river cruises, always expected when balances are due. This year has been no different. We have had transport, Eurotunnel and hotel issues plus many flights to Munich being full or dearer than the cruise!

With Munich sold out and In order to attempt a miracle, we can offer these cancellations to anyone that is adventurous and willing to travel a different route to enjoy a fabulous train journey as well as an extra pre-cruise night!

**21 December Heathrow BA flight to Frankfurt • 1 night b/b in Frankfurt**

**22 December ICE TRAIN to Passau**

**22-27 December 5-night 5-star Ariana Cruise to Vienna**

**27 December ICE TRAIN to Frankfurt • Frankfurt BA flight early evening to Heathrow**

**MAIN DECK CABIN**  
(with French Balcony) **£749pp**

**UPPER DECK CABIN**  
(with French Balcony) **£849pp**

Alternatively you could travel by coach from Folkestone at noon on the 20th which includes 2 nights b/b outbound by shuttle returning with 1 night b/b Saarbruchen back 28th at an additional costing of £200 per person which makes an 8 night holiday.

# OCEANIA VISTA – BRINGING THE 'A CLASS' TO THE SEAS

In August I was privileged to be invited by Oceania Cruises to view their brand new ship the Oceania Vista at Southampton. The Vista is a new 'A class' of ship within the Oceania fleet and at 67,000 tons with a capacity of 1200 passengers she replaces the Marina and Riviera as their largest ship.

I entered via the main Atrium and was met with the most amazing Crystal architecture set around a sweeping staircase, this set the precedent of the ship. She is light and airy with tasteful décor and contemporary art that Oceania does so well, everywhere you walk there are pieces of art and sculptures, some more traditional than others!

There are no inside or oceanview staterooms on this ship the first level of stateroom is a French balcony (sliding door that opens but you cannot walk outside) then there are Verandas, a Concierge class before the Suites. All cabins are stylish and comfortable and offer the best nights sleep you will ever have!

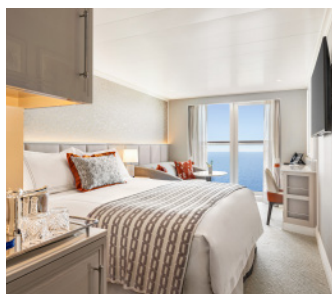

Fine dining is a key feature of an Oceania cruise and this ship is no different. With 12 different dining options you will be spoilt for choice, Italian, Asian, Steakhouse, healthy options, a bakery as well as the main restaurant and terrace Café buffet all included at no surcharge or supplements! If you are after a more private intimate dining experience you are able to pay for the exclusive Privee with wine pairing packages to suit all tastes.

There is also so much to do on-board from relaxing around the stunning swimming pool and spa areas, enjoy a round of mini-golf, take part in many classes including culinary or cocktail mixology courses, burn off all the amazing food in the fitness centre, read a book in the best library I have seen at sea, partake in some retail therapy or be entertained in one of the many bars and lounges on-board.

The hardest decision you might have is deciding when to use these great facilities as Oceania are committed to providing port-immersive experiences. Many of their cruises have no sea days they lead the way in making sure your cruise visits as many different places as possible, a point that we been stressing and featuring for the last ten years or more.

The Oceania Vista offers a resort ship experience without the resort ship atmosphere. It has all the facilities you could wish for whilst retaining the space, service, style and comfort, I loved her and one day I may be lucky enough to cruise the seven seas on her!

## 7 NIGHT CRUISES • NORWEGIAN FJORDS

Every Saturday from May to September

Typical Itinerary: SOUTHAMPTON • STAVANGER • OLDEN • ALESUND  
HAUGESUND • SOUTHAMPTON

Many of us have enjoyed our cruises over the past months on Iona and the prices currently on offer for 2024 and not least 2025 probably represent the cheapest they will become. A great cruise and fabulous value. A 7 day 'must' for first time cruisers or regulars!

Many advertisers use Saver Fares to entice you to book, this means you can book a minimum grade of cabin but P&O allocate your cabin number after booking. We always point this out and explain to you that P&O also have a Select Fare which will give you more options and flexibility, sometimes this can also mean better value! After all you may want a specific cabin number, parking at Southampton, coach travel to Southampton, on-board credit and port shuttle buses where required. All P&O Cruises include gratuities regardless of which fare so the choice is yours.

Below we feature some of the Norwegian Fjords 7 night cruises with their comparisons between 2024 and 2025, with the lead in Saver Fare pricing. We suggest you then give us a call to compare the Select Fare and what extras it includes.

# DISNEY DREAM

Disney CRUISE LINE

When Disney announced that they would be cruising from Southampton it was an opportunity too good to miss. So over the August bank holiday weekend Nige, Phoebe and myself embarked the Disney Dream for a 4 night mini cruise to La Rochelle.

We arrived at the port early so had to wait until our allocated time but once checked-in boarding was easy. On entering the ship we were greeted by two lines of uniformed staff and an officer who via microphone welcomed the Male family on-board to enthusiastic clapping. Roll out the red carpet! The Sail-away party was great with a performance from the characters and the ships horn played various Disney songs as we left Southampton behind, a really nice touch.

The Disney Dream has reasonable facilities for a ship of 12 years old with mini golf, pools (although small),

waterslides, adult only areas, spa and a great kids club.

The evening dinner has set times only, which are either 6pm or 8:30pm. You are allocated a table so you dine with the same people and have the same waiter for the cruise. You rotate around three themed restaurants which are the Royal Palace, Enchanted Garden and our favourite the Animators Palate where Crush from Finding Nemo takes you on an adventure during your meal. We really enjoyed the dining experience we met a lovely family, food was good and served with a smile. If you like buffet meals of an evening then Disney is not for you, the buffet closes at 2.30pm and does not re-open until breakfast.

There were always Disney Characters around with a clear timetable of appearances however there were always long queues to actually meet them.

The shows and entertainment were incredible and the best I have ever seen at sea. You would expect Disney to do these well but they exceeded my expectation. The sets, costumes, attention to detail and the quality of the performers were so professional - simply amazing.

Phoebe loved the kids club there were always activities and games going on although the problem for us was we were not able to enjoy things together. Activities in the Oceaneer club meant no adults allowed and then there were activities for adults only but very few for the whole family unless you love trivia!

We had a great time on-board and there were things we loved. Disney Cruises are expensive and I feel for us other cruise lines

represent better value with better facilities, so I don't think we will be rushing back on-board anytime soon. Done it! Got the ears! Having said this we are so glad we have experienced a Disney Cruise and have many great memories which will stay with us forever.

If you would like to try a Disney Cruise the dream will be returning to Southampton in 2024, so please call for information and prices.!

Kim

Once again Princess have come up with amazing prices for cruising from Southampton on Sky Princess. Both Kim and I totally agree that nothing can touch them for value, especially if you add the Princess Plus package at £50 per person per day to include Plus beverage package, gratuities, wi-fi, Premium desserts (2 per day) and Fitness classes (2 classes). If you've not cruised before, all their fleet add up to a 4 star superior experience.

## UK EUROPEAN HEALTH INSURANCE CARDS & UK GLOBAL HEALTH INSURANCE CARDS

The UK European Health Insurance Card is the original Government sponsored card that was produced when we were in the European Community. However, it is still valid to the end date that it has on it.

If you don't hold one or it has gone out of date, the replacement is the UK Global Health Insurance Card.

First piece of valuable information is to tell you to get one if you hold neither! That is easy. Go to gov.uk and apply for the new one. They will advise you that the card does not replace travel insurance.

Carry it with you at all times. In many cases you have nothing to pay in much of Europe using state healthcare but some may charge a proportion of costs. The list detailing these can be viewed online as well.

We know of various mishaps over the many years and there are things to ponder. We personally have used it twice, both in France, and it worked well. The only thing we were asked to pay several months later was an ambulance charge. We also have a short list of accidents, hospitalisations, fractures etc.

Now, an off the record observation. Has anyone realised that all of these problems have been solved once an ambulance is called. Insurance companies must be laughing with no payouts needed. After all, private insurance is pretty useless in accidents but is needed in repatriation and any additional expense such as hotel stays.
